

"Two Day National Hands-on Workshop on Koha ILMS "

JOINTLY ORGANIZED BY

**SWAMI KESHVANAND INSTITUTE OF TECHNOLOGY,
MANAGEMENT & GRAMOTHAN, JAIPUR (SKIT)**

&

RAJASTHAN TECHNICAL LIBRARY ASSOCIATION (RTLTA)

WORKSHOP DATES

02-03 AUGUST 2024

ABOUT KOHA

Koha is the first Open Source Integrated Library Management System (ILMS) that can take care of all library activities such as Acquisition, Cataloguing, Circulation, Serial Control & Online Public Access Catalogue. Koha is based on International library standards and protocols (such as MARC 21, Z39.50 etc.) that ensures that Koha data can be exchanged between similar ILMSs. & any other library management system. More details about KOHA can be found at <http://koha-community.org/>.

ABOUT SKIT

Swami Keshvanand Institute of Technology, Management & Gramothan (SKIT) stands as a testament to the vision of its founders, who were driven by the noble goal of rural education upliftment. Established in 2000, SKIT was born out of the Technocrats and Managers Society of Advanced Learning & Gramothan, with a mission deeply rooted in Swami Keshvanand's teachings. The institute's commitment to rural education is evident not only through its academic endeavors but also through practical initiatives like the establishment of MRM Public School in Nirwana village back in 1992. This holistic approach aims not only to educate but also to empower rural communities, recognizing the transformative power of education on future generations. By incorporating "Gramothan" into its name, SKIT reaffirms its dedication to Swami Keshvanand's vision, seeking to leverage engineering education as a catalyst for rural development and innovation. Over the years, SKIT has emerged as a beacon of academic excellence in Northern India, offering a range of undergraduate and postgraduate programs in engineering, management, and pharmacy. Located in Jaipur, the Pink City known for its rich history and modern vibrancy, SKIT enjoys a picturesque setting amidst lush greenery and architectural beauty. The institute's dynamic learning environment, fueled by the enthusiasm of its students, fosters a culture of inquiry and innovation. As SKIT celebrates its 25th anniversary, it can take pride in its numerous achievements, including NAAC A++ accreditation, NBA accreditation, and a consistent presence at the top of the RTU list. These milestones serve as a testament to SKIT's unwavering commitment to academic excellence and industry relevance, as it continues to shape the future of engineering and management education in India.

About RTLA

Rajasthan Technical Library Association (RTLA) is a well-known state-level Library and Information Professionals association. It is governed by an elected Executive Committee which acts as a policy-making body of the association. The association came into existence in June 2010 and established under the Rajasthan Non-Trading Companies Act, 1960 (13 of 1960) vide no. 760/2010.

The RTLA executive committee constitutes executive and council members who are elected by the General Body of Association. RTLA enjoys the privilege of having good number of dedicated life members, who are contributing significantly for expansion and dissemination of library knowledge.

TARGET PARTICIPANTS

Workshop is intended for Library and Information Science Professionals, Researchers and LIS students. Registration is limited to 40 participants on first come first served basis.

REGISTRATION FEE

The registration fee is Rs. 2000/- (Rupees Two Thousand only). It covers the cost of training programme, kit, breakfast and lunch during the training period. The deposited registration fee will not be refunded under any condition.

ABOUT SKIT LIBRARY

The Gyandan Resource Centre, the Central Library of SKIT, is fully air-conditioned and caters to the educational and research needs of the academic community. The library holds over 59,000 books and more than 800 online periodicals. The GRC is automated with integrated library management software Koha, featuring an Online Public Access Catalog (OPAC). Additionally, the library has developed an institutional repository (DSpace) housing learning content for its users. The library's reading space is divided into technology-enabled zones, including 60 terminals with multimedia facilities, a laptop zone, and a silent reading room. The library also supports enhanced research support and research data management. It has a good collection of archive books.
